

**International Rogaining Federation Inc.
Roles and Responsibilities – IRF Executive
June 2009**

Sequence of IRF activities:

- World Rogaining Championships: entry criteria
- 7ERC selection for 2010 (LL, SY)
- IRF elections (for WRC Manager and Secretary / Treasurer)
- Membership structure discussion
- International Rules of Rogaining update.

WRC Entry Criteria: Comments on the draft entry criteria were received up to, and well after, the 12/5 deadline. Lauri is preparing a revised version for members and observers to vote on, and this should be ready mid-July.

Establishment of WRC eligibility: taking account of the possibility of a positive IRF vote on the entry criteria proposal, LL is working with the IRF Executive to determine how eligibility can be determined efficiently during August-September 2009, well in advance of 9WRC entries opening.

7th European Rogaining Championships 2010: Expressions of interest have been called for 7ERC (25/5) with an assumption it will be held at least three months ahead of 9WRC which is in November 2010 (LL). Russia and Ukraine have applied. Voting closes 10 July, and LL will announce the outcome shortly thereafter.

9WRC: Alan Mansfield is the point of contact between the IRF Executive and the NZRA organisers of 9WRC 2010 in Cheviot, New Zealand.

10WRC: discussions are underway between the successful Czech bidders and the IRF Executive regarding details for this event, with Alan Mansfield the contact point.

IRF Membership Structure: The IRF Executive circulated a short framework paper on 25/5 (RP).

Membership: the Executive has commenced a review of IRF membership for 2009-10. Members have approved a second Member position for New Zealand.

Rules of Rogaining: updating of the rules of rogaining will commence in October 2009 under the leadership of LL.
